The report of your self-employment income which you filed with the district director of internal revenue on Schedule C-a (attached to Schedule C of Form 1040 - U. S. Individual Income Tax Return) for the year 1952 has been forwarded to this office.

Your report on Schedule C-a includes income which you received from rentals from real estate.

Based on information which we have obtained, it appears doubtful that this income is covered as self-employment income under either the Social Security Act or the self-employment tax provisions of the Internal Revenue Code. Therefore, your Schedule C-a has been returned to your district director of internal revenue for any necessary correction. In the meantime, your social security account has been credited with the amount reported.

If you require any further information about this report, we suggest that you get in touch with the district director of internal revenue with whom you filed your income tax return since your papers have been sent to his office.

Sincerely yours,

Victor Christgau
